FREE FOOTBALL GAMES ALL MONTH, EVERY MONTH CONTINUES!

The American Football Preservation Project Continued to Provide Daily Posts Monday – Friday and Added Footage of 234 Additional Games!

Snapshots from some of June's new content!

Throughout the month of June we continued our daily Monday-Friday content drops and added 23 entries to our Internet Archive account that included footage from the NFL and 80s USFL! These posts included video footage ranging from highlights to full games covering more than 344 historical match-ups across the two leagues, along with additional related video content. **You can watch all of these and more for free and without [modern] ads on our Internet Archive account below:**

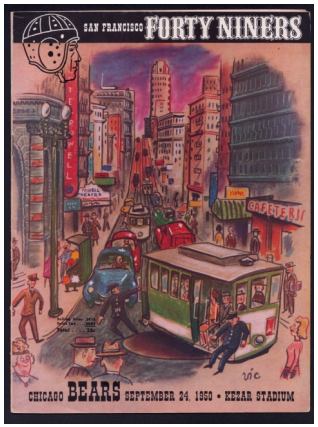
Please note that TCP does not claim ownership of any content not originally created by TCP and that sources for all video content are provided in each post. We have collected, preserved and uploaded said content for non-profit research & educational purposes in-line with current US copyright law.

CHANGES AND NEW ADDITIONS TO DAILY CONTENT POSTS!



Introducing Audio and Artifacts!

This month we are expanding our content offerings! In addition to video footage we are going to be including audio-only content, such as radio shows, records, and radio broadcasts, along with artifacts.

Artifacts cover a variety of content such as Game Programs, Yearbooks, Tickets, Photographs, Media Guides, Memorabilia, Various Non-Trading Card Collectibles and more!

Keep an eye out for the first Audio and Artifact uploads coming in early July!

Daily Post Coverage Changes

Due to the rapidly increasing amount of available content per year for our NFL uploads, we will be switching from a year-per upload post to a week-per upload post for the remainder of our NFL uploads.
